

WANT TO SHOOT A BOW?

www.TEXASARCHERY.INFO
Instruction • Ranges • Tournaments

Maybe you have seen our billboards or GIANT ARROWS around the state? This is to attract attention to Archery and invite 2,000,000 new participants!

We are promoting the growth of Archery infrastructure in Texas... by developing visitor traffic and financial assistance (club grants and youth equipment/scholarship programs), building or sponsoring additional ranges, creating a statewide instructor network, and providing education programs for the next generation of archer... the goal is sustainable archery participation!

The www.TexasArchery.info statewide marketing campaign offers the Archer's Passport – to provide the public access to archery benefits, supported by a network of safe places to go, equipment to try, instruction programs, places to purchase gear, and games to participate in!

The program developed and administered by Texas Archery Academy (501c3) is a free information resource, and optional discount plan.

It is a free marketing and visibility campaign for archery clubs and retailers statewide.

Archer's Passport discount plan costs \$20 annually. You receive 50% off public range fees at Texas Archery Academy indoor training center locations and sponsored outdoor archery clubs/facilities, and discounts at participating pro shops/retailers throughout the state.

Share your passion for Archery, go to: www.texasarchery.info/archers-passport

To enroll your club or pro shop and receive a free sponsorship sign, etc. contact Clint@TexasArchery.info
